### Trombone Travel Cases

The two-piece trombone travel case system allows for easier air travel. The component parts can be quickly separated for small space storage. Available in four sizes as sets or components. The slide case is compatible with all four bell cases. The BTBO+2B case is designed for large tenor trombones with long open wrap (Bach 42BO, Conn 88HO, Yamaha Xeno), or many bass trombones with up to 9.5" bell. Larger bells use BBBO.

TSBO SET	Small Bell Set, 8"
BTBO SET	Medium Bell Set, Bb/F 9.5"
BTBO+2B SET	Medium Bell Set, Long, Bb/F/D, 9.5" for long open wrap tenor / bass
